### Cat Commercial Diesel Engine Fluids Recommendations

C7 Engine Oil Level Change By Rudy Morris Effective March 1, 2005 all C7 engines leaving the Greenville, SC plant have a new oil pan capacity of 19 Qts. instead of 22 Qts. for C7 RV applications with a shallow sump. This change was brought about after a number of customers were having oil blow-by problems on their towed cars.

### Why The Change In C7 Oil Capacity

The C7 engine has 2 different oil pan options. One is the shallow pan and the refill capacity for it is 19 quarts including installing a dry oil filter. The other is a deep pan and it takes 27 quarts including installing a dry oil filter. As far as the fuel filters, most C7 engines do not have a hand primer pump.
