and onto Tactics ...***

The notion of business model has been used by strategy scholars to refer to “the logic of the firm, the way it operates and how it creates value for its stakeholders.” On the surface, this notion appears to be similar to that of strategy. We present a conceptual framework to separate and relate business model and strategy. Business model, we

From Strategy to Business Models and onto Tactics ...

Your company-wide strategy is in place, but entirely ineffective—and you have a hunch that using a strategic planning model (and strategy software) will make a big difference. Your organization-wide strategy is fine, but there's one area in your business environment (or internal process) that needs to be realigned with your strategy.

From Strategy to Business Models and onto Tactics

From a strategic perspective, the better the top part of the business model is defined, the easier it is to define the right organizational and functional strategies. Strategic alignment (mission, targets, value prop, go-to-market, functional and org strategies aligned) is one of the easiest ways to drive the efficiency and effectiveness of the organization.

Mckinsey - Best Practices ...

In parallel, companies need to incorporate new data and create new models to enable real-time decision making. In the same way that many risk and financial models had to be rebuilt after the 2008 financial crisis, the use of data and analytics will need to be recalibrated to reflect the post-COVID-19 reality.
